TOSHIBA PROMO LABELLER APPLICATION

WHY USE TOSHIBA PROMO LABELLER ?

Toshiba Promo Labeller is an Android based , simple promotional labelling application for creating price reduction labels. It has pre-loaded design ready to use. It works perfectly with the ToshibaTec B-FP3D Portable Thermal Printer.

HOW TO USE

Choose the size that you would like to use for your labels. Then, select the label that you wish to create from the pre-loaded designs in the app. Following your selection, you will complete the required fields and print.
