XD CUSTOMER DISPLAY

Customer display with a modern and elegant design

CUSTOM XD customer's display, featuring an innovative and elegant design that perfectly matches the style of CUSTOM's fiscal printers. 40 character (20x2), backlit LCD blue display, specially designed for ECR and POS systems. It consists of an adjustable display panel which provides a wide angle of view and the possibility to have tubes of two different heights. The display base has been engineered so as to house the body of Kube fiscal printers (first and second generation) thanks to its flexible and newly conceived installation system, which is simple and functional at the same time. It comes equipped with serial RS232 interface, with selectable baud rate from 600 to 38400bps. The display is powered directly by the CUSTOM printer (as optional, it may be equipped with serial cable and power adapter).

CHARACTERISTICS

- Modern and elegant design
- Single and double-side version
- Backlit BLUE display
- Easy to adjust

CUSTOM
