POS SOLUTIONS FOR SMARTER BUSINESSES

CUSTOMER PAGER SYSTEM

Improve service, reduce queues and keep your customers happy.

- Better Customer Experience
- More Efficient Operations
- Reduce Wait Times
- Ideal for Busy Environments

A SIMPLE AND SMART QUEUE MANAGEMENT SOLUTION

Our Customer Pager System helps you manage customer flow efficiently. Customers receive a pager and can free up seating while they wait. When their order or service is ready, simply alert them — no more crowded queues.

- Enhances customer satisfaction
- Reduces congestion at the counter
- Easy to use and manage

Custom Branding
Add your logo or brand design (for an extra cost).

Vibration, Beep and LED Alert
Multiple alert modes to suit your environment.

Compact & Stylish Design
Space saving and easy to charge.

CUSTOM BRANDING OPTION

Make the pagers your own! We can customise the pager design with your logo, colours or artwork for an extra cost.

HOW IT WORKS

1. Give a pager to the customer.

2. When the order is ready, press the call button.

3. The pager will alert the customer (vibration, beep and LED).

4. Customer returns to collect their order.
